Examiner Initiated Interview Summary

Application No.

Paper No. 20100519

Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner suggested adding language to claim 1 that would overcome the prior art, including further defining a gas-treatment unit to include a heat and moisture exchanger element and that the gas-treatment unit is displaceable by rotation relative to a housing. Applicant called back to confirm the examiner's proposed amendments.
